Dear Fleet Professional,

Public Fleet Advisors provides quality fleet management education. Training occurs at **customer sites, regional venues, and public fleet conferences**. Designed for both newcomers and seasoned professionals, the curriculum is designed to enhance job performance and marketability in the fleet industry. Attendees should include **directors, managers, administrators, financial analysts, supervisors, parts managers, technicians**, and other public fleet professionals. Including the entire organization is a catalyst for positive culture change and organizational improvement. *Quality education facilitates improved service delivery to citizens and saves taxpayers millions of dollars.*

A regional fleet management training seminar is coming to:

The City of Vancouver, WA May 12-13, 2022!

Fleet Management Training Selected by Regional Fleet Managers:

Calculating Public Fleet Rates & Fleet Replacement Strategies	Developing a Preventive Maintenance Program & Its Importance
Parts Inventory Management	Workflow, Productivity, & Shop Safety
How Many Technicians Do You Really Need?	Round Table Discussion - Bring Your Hot Topics
How to Hire & Retain Quality Technicians	Surviving an Audit of Your Fleet Operation
Electric Vehicle Discussion	Discovering Fleet Best Practices & Learning New Technologies

Instructors are well-known leaders in public fleet management and are both fleet industry certified. Together, they have a combined total of over eighty (80) years of continuous business experience and are masters at teaching complex public fleet management principles. For over twenty-five years they have organized large public works conferences, lectured at schools, presented at fleet conferences, and delivered Webinar presentations. *Over the past six years alone, our instructors have taught business management skills and implementation strategies to thousands of public fleet professionals across North America.*
